CHISHOLM TO AWARD AYRSHIRE CALF TO OXFORD COUNTY 4-H'er

Hugh J. Chisholm, owner of the Southglass Farm, an Ayrshire Incubation, of Port Chester, New York, has recently announced that he is making available a registered Ayrshire heifer calf to a deserving 4-H Club member of Oxford County, who is interested in the 4-H dairy project and expresses a preference for the Ayrshire breed. The sire of the calf is Strathglass Supreme's Dairyman and is out of a cow that made 9,955 pounds of milk, testing 43 per cent, and 45 pounds of butterfat in ten months at two years of age, when milked twice daily. The calf was born December 11, 1950.

The calf is, without doubt, an outstanding animal and one that any individual would be proud to own. The conditions under which the calf will be awarded are the same as those under which all previous calves have been and will be awarded to 4-H members.

Club members interested in obtaining the animal should contact their club leader or county club agent Jim Christie, for further details.

Governor Frederick G. Payne has set aside the week of April 23rd as "Clean-up Week" in Maine.

"Once again we are preparing for hundreds of summer visitors who come to Maine annually. It is therefore appropriate that we designate one week as 'Clean-up, Paint-up and Fix-up Week' and I am asking the cooperation of the local chambers of commerce in arranging for our towns and cities to participate in this attempt to clean up our winter's debris."

"The State Highway Commission will once again this year make a concerted effort during this designated period to take care of the rubbish that has accumulated along our State Highways."

"Although April is the month usually designated as our official clean-up period, we should cooperate all during the year to keep Maine Green and in turn this will help prevent unnecessary loss by fire," said Governor Payne.

Gould Seniors Presenting Play Friday Evening

Eleven Gould senior thespians are all set to go in their presentation of the three act comedy, "Ever Since Eve," Friday evening, April 20, after a postponement of a week. The extra seven days has allowed more polishing of lines and "business", and the Bethel public, which yearly looks forward eagerly to the Academy's senior show should have a most pleasant evening.

Carrying the juvenile and ingenious leads are John Mason, Freepoor, and Marylou Flynn, Winchester, Mass. This is Mason's first appearance in Gould plays, but Miss Flynn has been prominent in previous productions, having done an especially outstanding job as the faded wife in Barrie's "The Twelve Pound Look," presented at the Winter Carnival. Bob Knight, cast as Mason's hearty pal, has done a number of fine character roles in dorm sketches and one-act plays, as has Joy Smith, whose role of this mother, smilingly understanding of her excitable son, is a direct contrast to her fine portrayal of the nagging wife in Noel Coward's "Fumed Oak." Peggy Champlain has also done excellent work in the one-act plays in preparation for her role of the journalist-teacher in this senior play. Nancy Van, Bob Tilt, Mike Edmunds, Les Coollidge, Jim Durham and Eileen Linnell all have strong supporting roles in the comedy.

Following in the footsteps of such previous Gould successes as "What A Life," "The Whole Town's Talking," "Dear Ruth," "You Can't Take It With You," "The Charm School," "Kempy," and "Skidding," the current show, whose curtain rises at eight o'clock sharp, promises to be a worthy contender for amusement honors.

Norman Dock is a patient at the Togus hospital. Charles Bryant is working at Trap Corner on a yarding job. Miss Alice Bennett, a teacher at Bar Harbor is home for a week. Mrs. Vera Gallant went to Rumford Tuesday to spend a few days. Mr and Mrs G. Thomas Murphy are spending a few days in Bath.

Mr and Mrs Roy Brown of Berlin, N. H., were calling on friends in town, Wednesday.

Francis Noyes was able to sit up for a few hours Tuesday after being very ill with earlet fever.

Mrs. John Gweeney of Millsfield, N. H., is visiting her daughter, Mrs. Stanley Brown, and family.

Mr and Mrs Vance Richardson have had as their guest, Mr Richardson's mother of Westfield, N. J.

Miss Pauline Graham of Boston spent the week end with her parents, Mr and Mrs Russell Graham.

Robert Greenleaf is at the home of his parents, Mr and Mrs S. S. Greenleaf, from his school in Cornish.

Miss Pauline King, who has been visiting friends in town the past three weeks, returned to Kittery Sunday.

Mrs. Elizabeth Thurston returned home Tuesday from Pilecastle, Florida, where she spent the winter months.

Mrs. Evelyn Roberts was hit in the eye Tuesday at the Hanover Dowl to mill when a plaster struck back.

Mr and Mrs Clifford MacLaughlin and son, Berkeley, of Hallowell, were week end guests of Mrs. Katherine Adams and family.

Mrs. M. G. Schutt, teacher at Lincolnville Beach is enjoying a week's vacation with her parents, Mr and Mrs Peter Schutt.

Misses Marilyn Adams and Marie Anderson of Farmington State Teachers' College are enjoying a week's vacation at their home.

Instead of the Cub Scout Pack meeting April 27 the den mothers and pack committee will meet at the home of George Taylor. Plans will be made for Cub Scouting during the summer and the circus to be put on in the spring.

B. C. S. Hoopsters Successful Season

The basketball teams of Bethel Grammar School, both girls and boys, enjoyed fine seasons. The girls were unbeaten in grammar school competition, although losing twice to the Freshmen, Orchids. Paced by the fine all around play of co-captain Janie Smith and the scoring of forwards co-captain Barb Jodrey, Judy Freeman, and Priscilla Skillings, the club twice defeated the teams representing South Paris and Casco. A tight defense built around Mary Jane Chapman, June Merrill and Lorita York kept the opposing teams scores down. Other girls who contributed to the team's success were Flossy Skillings, Shirley Mason, Winona Korhonen, Mary Jane Spinney and Ann Hastings.

The boys ended their campaign with a perfect record, making it the second season out of five that the BGS club finished with an unbeaten record. Although lacking entirely in experience, the boys developed into a high scoring combination. The starting five of Captain Billy Lord, Ronnie Bowers, Ronelle Cummings, Merle White, and David Willard all showed ability both offensively and defensively. Two school records were broken, with Ronnie Bowers netting 35 points for a new individual game record, and a new team high of 72 points in a single game being reached in the final game of the season. With David Willard and Merle White returning, plus serves Keith Bartlett, Sammy Stone and Jimmy Murphy, plans for the future are bright. The team records follow:

SCHOOL NEWS by Evelyn Curtis
We planned our science program for Friday but because of sickness we had to postpone it until Monday evening. Our exhibition was mostly on birds. So we turned our school room into a forest by putting in trees. In the trees we put nests and birds which we had made. Some were made from cloth and stuffed and others were cut from paper.

The front of the school room was banked with evergreen with many different kinds of birds perched among the boughs.

Some things we had on exhibit were bird scenes in boxes, our science books, which we made, and bird houses made by the boys. There were moving picture machines, posters, and various other things.

Our program contained two plays, "Why the Robin's Breast is Red" and "The Snow Party." Then each had a part in telling some special work that was done. We also had songs and readings.

What I liked best of all came at the end when we were all dressed as Red Headed Woodpeckers and poked our heads from "hollow trees."

Following the program we served sandwiches, cookies and punch to our guests.

ALBANY-WATERFORD

Lillian L. Brown, Correspondent

Friends were saddened by the passing of Annie J. Cummings of Paris Hill, an outstanding citizen, she was commonly and affectionately known as "Aunt Annie." A wonderful and talented, hardworking woman as long as health permitted. Through the last years when her health failed she has been faithfully and tenderly cared for by her son and wife, Mr. and Mrs. Newton Cummings, with whom she made her home. An own daughter could not have done more or been more devoted than Mrs. Edna Cummings has through the years.

Surviving are two sons, Newton and Elmer of Paris, two granddaughters, Evelyn C. Brown of North Waterford, who has spent much time in helping to care for her in the past months, and Lenise C. Brown.

Funeral services were held Tuesday, April 17, at 2 P. M.

A WORD TO WORK WITH

Today's word is extravagance.

If you were to search in a comprehensive dictionary like Webster's New International, you would find that this word is not merely a symbol for playing around wastefully with money but means want of moderation, vain and superfluous expense, prodigality; an extravagance of anger, love, expression, imagination, demands. For synonyms Webster gives: wildness, irregularity, excess, prodigality, profusion, waste, lavishness, unreasonableness, recklessness.

Extravagance is a false state of mind into which emotions cannot lead you when you hold thought in line with truth and beauty and unselfed love. When intelligence is in control, extravagance is avoided and economy is realized.

In the fifteenth chapter of Luke's gospel you may read the story of the wasteful younger son who came to himself—awoke from the wrong state of mind, extravagance—and came to his father.

BROILER CHICKS ARE

EASY TO RAISE

Commercial egg producers are buying fewer and fewer "straight run" chicks. They have found that new methods of sexing chicks are highly effective, so if they're interested only in egg production, they buy sexed pullets only.

Production-bred chicks are not popular with commercial broiler raisers. Their market calls for fryers weighing 3 to 3½ lbs. That means there are often a lot of cockerels for hatcheries to dispose of. These can sometimes be bought for much less than the cost of hatching them. Occasionally they are given away free.

These chicks usually come from some of the best breeders in the country. They live well and grow fast. It's a shame that some peo-

ple are prejudiced against them. Actually their meat is sweet and delicious. They are best when dressed out at about 2 lbs. but are still mighty good at 2½ lbs.

A 2½ lb. cockerel can be grown on about 8 lbs. of feed. It's possible to put a plump, tender home-grown broiler on your table for just a little over half a dollar.

Broiler chicks are easy to raise. If you have no facilities ready for chick growing, you can improvise a simple brooder from a box or crate. Just give the baby chicks room enough to move around and have an electric light in the box to keep the chicks warm until they get feathers.

After the chicks have feathered, you can grow them out in a small shed or even in an open lot if the weather permits. Just give the chicks plenty of clean water and

fresh feed... and soon you'll have chicken for dinner.

NATIONAL HDA WEEK

The first week in May has been designated as National Home Demonstration Week. State committee in charge of the observance in Maine includes Mrs. Addie Ellis, Kingfield, chairman; Mrs. Elsa Kugel, of Warren; and Mrs. Pauline Lush, of Ellsworth. Farm Bureau women in all Maine counties are planning special events for the week.

What is cancer? Cancer is a disorderly growth of cells of the body's tissues. It is governed by the laws which control normal cells. If it is not destroyed or removed, it never ceases to grow and eventually causes death.
